

Fashion Design Basics

Fashion design is the art of applying design, aesthetics, and creativity to clothing.

Silhouette

Silhouette refers to the overall shape of a garment. Common silhouettes include A-line, sheath, and ball gown.

Color Theory

Color plays a major role in fashion design. Designers often combine complementary colors to create visually appealing outfits.

Fabric Selection

Choosing the right fabric is important because it affects comfort, appearance, and durability.

Occasion Wear

Different outfits are designed for different occasions such as weddings, parties, casual wear, and formal events.
